- Fully tested to 30, 60, 90 minutes fire rating.
- Dimmable from 0-100%.
- Integrated driver.
- Fully compliant with all current UK building regulations.

### Product overview

Available as a round or square design with multiple colours, the Cube and Circa downlights can adapt well to any contemporary bathroom to add a touch of glamour.

Both products feature TrioTone<sup>®</sup> technology, which enables the fitting to switch between three colour temperatures via a switch hidden at the back of the fitting. A feature that has proved to be incredibly popular as the light can be tailored to all styles of kitchens while reducing the number of SKU's.

For ease of use and installation, the product comes equipped with a fast clip connector, which enables the light to safely unplug from the mains supply. There is also no need for a driver/transformer, as the product wires straight into the mains supply.

The product is suitable for use inside and outside due to its IP65 rating, and it is also fire rated and fully compliant with all current UK building regulations.

Note: The LED lamp is integrated and cannot be replaced.

### Mechanical Specification

Description	Dimensions (mm) L x W x D	Weight (g)	IP Rating
SE62094T0 TrioTone™ Circa (Clear)	Ø100 , D=91	377	65
